

Best Student Contest Paper Awards

17th Joint Urban Remote Sensing Event - JURSE 2025

Shaping Sustainable Cities

4-7 May 2025, Tunis, Tunisia

In honor of the memory of
Prof. Rached Boussema

Submission Deadline

November 17th, 2024

Join us for the Student Contest Sessions at JURSE 2025, where talented students will unveil their innovative research and creative solutions.

Conditions to Participate

- The Submitted paper must be authored or co-authored by a graduate or undergraduate student, with the student as the first author.
- The Student must have made a significant contribution to the paper's preparation.
- The Student will present the paper at the conference either orally or during a poster session.

Special Session Proposal

17th Joint Urban Remote Sensing Event - JURSE 2025

Shaping Sustainable Cities

4-7 May 2025, Tunis, Tunisia

Proposal Deadline

MONDAY

16 | SEPTEMBER
2024

Acceptance notification

MONDAY

30 | SEPTEMBER
2024

Proposal content :

- Chair and Co-Chair names
- Institutional affiliations and contact information
- Session title
- Brief description and keywords
- A short abstract between 250 and 500 words
- List of potential invitees
- the associated JURSE 2025 themes

Each invited session is composed of 5 papers. For those who want to propose longer sessions, please submit multiple sessions, each with 5 papers.

Recommended topics :

- Remote Sensing in Africa and Developing Countries
- Remote Sensing for the Sustainable Development Goals
- UAV and Drone Based Remote Sensing
- AI and sustainable cities

If the proposed Special Session is accepted, the chair and co-chair must confirm their invitees' attendance and presentation at JURSE 2025. However, session placement is not guaranteed until **March 2025** due to high competition and limited slots (max 30% of the total oral sessions).
